

KR 630 STACKER

The KR 630 automatically sorts and stacks books, envelopes and magazines

Sorting mail electronically is more accurate than manual sorting and allows for higher processing speeds. **Increase your operation's productivity** using the KR 630 to automatically sort mail in-line with your addressing system. Stacks are output according to preset counts and zip code breaks established in the mailing list. An in-line divert gate ensures accuracy by removing purged and non-printed mail pieces. **Compact, economical and easy to use** - *stack the odds of success in your favor with the KR 630 stacker.*
